

SCARLET FEVER

A crimson tide washed over home-grown fashion mavens last month. Ashley Isham, Francis Cheong, Frederick Lee, Posse, Raoul, Tan Yoong and Wykidd Song created exclusive designs for The Red Dress Collection. In conjunction with the Singapore Heart Foundation (SHF) and L'Officiel, the one-off couture-inspired creations were exhibited at Wisma Atria – to the delight of style-savvy shoppers. Each evening gown was then auctioned at the SHF's The Red Ball, with proceeds benefiting the charity. Seeing red was a good thing, in this case.
