# **GO RED FOR WOMEN**

## *public forum*

**WHAT** Learn more about the risk factors of heart disease and the signs of heart attack and stroke. There are also CPR demonstrations, exhibitions and basic screenings.

**WHY** Heart disease, combined with stroke, is the number-one killer of Singaporean women, causing one in three deaths annually. Yet in the Singapore Heart Foundation's recent survey, only 8 per cent of 1,136 respondents were aware of its dangers, while 35 per cent were uninformed about the condition.

**WHEN AND WHERE** May 31, 2008, at Singapore Art Museum, 71 Bras Basah Road
